

Kuba Rogut

rogutkuba@gmail.com | Mississauga, Ontario | [linkedin.com/in/kubarogut/](https://www.linkedin.com/in/kubarogut/) | github.com/rogutkuba

SKILLS

PROGRAMMING LANGUAGES	Javascript, C++, Python, Java
TOOLS	React, Next.js, GraphQL, MongoDB, Node.js, Git
AWS	DynamoDB, S3, Lambda, Cognito, AppSync

PROJECTS

TOPSHOT TRACKER | NEXT.JS, AWS (LAMBDA, APPSYNC, DYNAMODB, APPSYNC, COGNITO)

<https://topshot-tracker.vercel.app/>

App connects to the Flow blockchain to track recent listings on the NBA Topshots marketplace and displays cards that are listed below their current average market price. Users can also create accounts and log in to see the total value of their NBA Topshots collection

TERRAIN GENERATOR | NEXT.JS, MONGODB, GRAPHQL, APOLLO

<https://github.com/RogutKuba/TerrainGenerator>

App generates 2D model of terrain using 2 sets of Perlin noise. Users can save their favorite terrains to a database and retrieve them at a later time

SOCIAL STOCK TRACKER | REACT, NODE.JS, EXPRESS

<https://github.com/RogutKuba/CompareStockwithTrends>

App uses google trends and reddit APIs to display the relationship between the price of a stock on the market versus the number of mentions on reddit along with the google search trends.

NBA ALL STAR PREDICTOR | NODE.JS, EXPRESS https://github.com/RogutKuba/nba_allstar_predictor

App uses the NBA Stats API to query all players stats and creates All-Star Teams based on scores calculated using user-given values for different qualities such as defense or games won

WORK EXPERIENCE

SCISPOT.IO | FRONTEND DEVELOPER

Toronto, ON | Jan 2021 – May 2021

- Designed, developed and maintained foundational features for a Next.js based web platform that were built using AWS managed services in conjunction with an AWS server less architecture
- Worked with UX team to enhance the existing user experience and user interface in Next.js
- Created and edited technical documentation for existing and new features, along with providing recommendations for future enhancements

MCDONALDS | CREW TRAINER

Mississauga, ON | Mar 2017 – Sep 2018

- Provided excellent customer care and conflict resolution
- Guaranteed quality of service through effective communication with customers
- Trained new hires to follow the proper procedures and educated them on the quality standards

AWARDS

CO-OP STUDENT OF THE YEAR NOMINEE 2021

Recognized after co-op term at Scispot.io

EUCLID SCHOOL CHAMPION 2019

EDUCATION

UNIVERSITY OF WATERLOO | COMPUTER ENGINEERING

Sep 2019 - May 2024
